Owners of three Coachella Valley-based businesses, David and Paula Turner can appreciate the value of sound financial advice. This entrepreneurial family – David owns Coachella Valley Engineers, Paula co-owns Desert Pacific Properties, and daughters Nicole Robles and Rebecca Norton operate Money Finders – knows the importance of having a good CPA in their corner.

The Turner family knows the value of a good CPA.

As a result, Peterson, Slater & Osborne have helped the Turners plan wisely and minimize their tax bill over the years. “PSO has extensive knowledge and understanding of the Enterprise and Empowerment Zone Tax Credits,” says Paula. “Not too many CPAs even know about that.”
